*The Interest Rate and Annual Percentage Yield for this account are variable and may change any time at the bank's discretion before or after the account is opened. Call 800-209-2616 for current interest rate and annual percentage yield information. Interest will be compounded quarterly and credited to your account every quarter. We use the daily balance computation method to calculate the interest on your account. This method applies a daily periodic rate to the principal in the account each day. Accrual of interest on non-cash items (checks, for example) begins no later than the day we receive credit for the deposit of non-cash items. The minimum amount required to open a Regular Savings Account is \$100. A monthly maintenance fee of \$5.00 will be imposed each month if the balance in the account falls below \$200 any day of the month.
