*Interest rates and annual percentage yields for this account are variable and may change at any time at the Bank's discretion. Rates may change before or after the account is opened. The minimum balance to open a Pinnacle Money Market Account is \$50,000.00. There is no monthly maintenance fee if you maintain a minimum daily balance of \$50,000.00. A monthly maintenance fee of \$25.00 will be imposed every statement cycle if the balance in the account falls below \$50,000.00 any day of the cycle.

Interest is compounded and credited to your account every month. We use the daily balance computation method to calculate the interest on your account. This method applies a daily periodic rate to the principal in the account each day. Accrual of interest on non-cash items (checks, for example) begins no later than the day we receive credit for the deposit of non-cash items. At any time you may make automatic transfers from your Checking Account to your Pinnacle Money Market Account.

***Transaction Limitations - The Bank may require that an Account Holder make no more than six (6) transfers or withdrawals during any statement cycle from a Savings or Money Market Account. The kinds of withdrawals covered are those made by means of preauthorized transfers and withdrawals made by check, draft, debit card, or similar order payable to third parties. Transfers in excess of these limitations will be subject to a \$5.00 Excess Withdrawal Fee each. Violations of this limit on more than an occasional basis will result in the account being transferred to another transaction-type account. Check printing fee depends on the style selected; fees may reduce earnings.
