

Teen Checking Program

Earn. Save. Make good spending decisions. Get set for financial success!

Your first checking account is an important step toward developing necessary skills to manage your money, and manage your life!

To help with this, our Teen Checking Program is available to Teenagers age 13 and older. This program gives teens the opportunity to open a Blackhawk Bank checking account, as long as it is held jointly with a parent or guardian. We'll talk with you about your expectations and needs, and then guide you to the best checking account for your lifestyle.

Watchdog Checking and eChecking are available to those 13 and older, and Easy Money Checking is available to those 16 and older. The Debit Card application describes the joint responsibility of all account holders; limits on the Debit Card may be modified at the parent or guardian's request.
