*The interest rates and annual percentage yields for this account are variable and may change at any time at the bank's discretion before or after the account is opened. Call 800-209-2616 for current interest rate and annual percentage yield information. Interest will be compounded quarterly and credited to your account every quarter. We use the daily balance computation method to calculate the interest on your account. This method applies a daily periodic rate to the principal in the account each day. Accrual of interest on non-cash items (checks, for example) begins no later than the day we receive credit for the deposit of non-cash items. There is no minimum required to open a Youth (minor) Savings Account. Transaction Limitations - The Bank may require that an Account Holder make no more than six (6) transfers or withdrawals during any statement cycle from a Savings or Money Market Account. The kinds of withdrawals covered are those made by means of preauthorized transfers and withdrawals made by check, draft, debit card, or similar order payable to third parties. Transfers in excess of these limitations may be subject to a \$2.00 Excess Withdrawal Fee each. Violations of this limit on more than an occasional basis will result in the account being transferred to another transaction-type account.
